The US has been indifferent to "collateral damage" and is responsible for hundreds of thousands of Iraqi deaths. Why would you hold the Resistance to higher standards?

This is blatant lie is mere stupidity by a an undereducated man who on a daily basis tries to impress himself.

The US tries to minimize collateral damage.

This is obvious if one looks at the focus of past, present and future weapon systems.

Mike, mike, mike...

You're talking to nemo, remember?

The Gulags of the world, the homicidal chambers of deaths....

And to do that, and to make it happen, you have to change the facts, and the truth, and lie....

Truth to Nemo is subjective, and it's whatever he, they want it to be.

So... he lies.

Oh, he doesn't care a bit, either.
