I picked this up off the Milwaukee-area craigs list.

I have approximately 1200-1400 board feet of mostly hickory with some oak/ash. The majority of it is 12-16 ft. long, 4-6 in. wide, 4/4 rough cut.

There are some 8/4 and 16/4 pieces.

I will be available between May 27th and June 4th for viewing. Viewing at other times possible, but more difficult.

\$1000 or best offer.
