Look at this Mr Sanjay post I put up again.

Read & find all info about Illegal Uliana & what she plan &
what she do. This is true case de veras not some story.

.....

To Whom it May Concern:

Please be advised that Uliana Abramova, recently dismissed from Scores NY West Side, is in flagrant violation of her Non-Immigrant J-1 Visa. She is presently based in New York City, and it is likely that she will at some point seek employment at your New York City location. It has come to our attention that Abramova has attempted to prevent widespread knowledge of her illegal status She has attempted to coerce several American men into marriage, in order to derive immigration benefits. Abramova has in fact made serious threats against the wife of one of the men she seduced, the father of a four year old child. Please see the original email she sent to this poor woman, directly following this email.

I must state unequivocally that all of the statements contained herein are factual and verifiable. It is also true that the removal from the USA of Uliana Abramova would not normally be a matter of such urgency, except that she is a person who enjoys creating mischief and havoc. She is therefore a liability to anyone who may employ her, and a

Re: Free Download Links for GMAT eBooks, Mock Test, Sample Papers etc.

public nuisance in general.

Abramova effects an innocent, naive demeanor but is predatory, unpredictable and dangerous. She is a Russian national and speaks with an accent, is 5'5" tall, with an extremely slight build and thin wispy hair dyed red or blond. She has altered her appearance considerably in the past few years (several surgeries to eliminate a bulbous nose), and may continue to do so.

Our documentation indicates that Abramova came to the USA with the definite intention of violating the conditions of her temporary, Non-Immigrant, nonrenewable J-1 Visa. Entry into the USA was granted to her under the stipulation that she work as a camp counselor at CCUSA from 5/06 until 10/06. Abramova never showed up to work at the camp and she also remained in the USA past the term of her temporary visa, 10/06. She is therefore both in violation of her visa and in overstay.

The word is lately that Abramova has been admitted to university, possibly one of those in the CUNY system. She has accomplished this by failing to disclose her illegal status. This will not stand. She is going to be deported. Abramova is not legally allowed to work or live or do anything anywhere in the USA. She in fact was recently refused a student visa on the basis of her intentional violation of the J-1 Visa.

Contact has been made with ICE and with the Compliance Unit, Department of State. Representative Jerrold Nadler of Manhattan Congressional District 8 has offered to be of assistance, and the process of having her removed from the USA is well under way.

Please be good enough to take this information seriously. It should serve as a warning to avoid employing or associating with persons of this description. I will not post the relevant law here, but suffice it to say that anyone who employs Abramova or otherwise acts in any manner than enables her to stay in the USA is guilty of "harboring," an offense punishable by 5 years in jail.

If you consider posting this warning on the internet to be excessively inflammatory, please be good enough to advise your colleagues of this matter privately. Thus informed, they can act according to their own best judgement.

Sincerely yours,
Sanjay Karam, Esq.

I was not aware Arthur was married for 4 month , only after 4 month I found out he is married and has a son. I tried to brake it off, and he was the one calling me and insisting on seeing me all the time, although i asked him to break it off. He loves me and if he wants to be with me, I cant stop him. The only person who can stop it, is Arthur himself.
