Paul fell in love with the woman in the light blue mini-van because she'd invited him for an ass fuck too.

She said it was difficult for him to resist so he didn't.

Harry bought Kendall Drive so I would have a controlled environment.

"They bought the Bus System because you were guided to be empowered by using other forms of transportation." – unknown (I'm parked in front of Sabish.)

They're in a panic because they know Paul loves me and they're trying to convince me otherwise.

It seems cunt cow Robertson has been in Fond du Lac. If that's true I ain't staying. They're crushed because they bought the whole town.

"It's all government money was ever for." – Harry

Donna Landsberg is the best twat. They pass it around. Paul had some.

Dress Harry up in a dress and put a floodlight behind him and he is the better of God.

Jim was Harry's favorite so he inflicted Ass Fuck on him.

Ass Fuck is generous and kind with Justice Department employees.

She ordered Paul to marry her right away and leave the country when she learned they found the underground tunnel system in San Diego.

He sniffed her and asked, "Do you have a cunt?"

She said, "Yes."

He said, "Okay."

Dark blue mini-van said something insulting. It's one of the mini-vans (like mine) Carla ordered to drive around Paul to break his heart.

They berate him for sending me away for a healing and leaving me open to this abuse.

They know he's dorky, fat, ugly, and stupid so they tell him "Beautiful" (me) is being courted by all the wealthy gentlemen.

Carla shows pictures of her Paul-fucking to show she finally got it over on Laura.

Carla fucks Paul at Sabish in the gym. Sabish replaced the warehouse on Brooke St.

The government declared a state of emergency in Fond du Lac and didn't explain to the residents what was happening.

Mini-van, blue, wood siding said, "They weren't going to allow witnesses to Paul or Laura."

These are the "Neighborhood Watch" people from around the country.

Someone thinks it was God's way of drawing them in.

He is drawing them out to use their resources.

They used my thoughts and memories to make authentic-seeming pictures to use to hurt him.

Paul and I have eternal love. Carla is unimportant and unintelligent so she knows how to take it away.

Junkyard/scrap metal

Carla may be affiliated with mob family (Denaples) that owns the scrap yard in Scranton, PA. I met a family that worked for them, from South America, when I lived at Timber Falls. Conchita Llach said she placed them.

People who live in the homes in the neighborhood do so for access to the underground.

Liebherr

It may be where people are disposed of /or prepared to be disposed of (transport of scrap metal.) May be how they disposed of the residents.

They can take their cars and put new VIN#'s on them.

If their relative files that they're missing it is assumed they will not be in contact with other families of missing relatives.

They: mob, CIA, military, having been torturing people and disposing of them in scrap yards.

God was thinking of falling in love with her (Carla) so he could have his money.

They may work with Scotty's Auto Works (N. Pioneer) to have the car repainted. 922-2011.

Tom is affiliated with the owner. They (Richard) arranged a car accident with the owner. On 9th in front of Fruth Field. Richard tried to get my son to lie about witnessing the accident. He told an insurance agent my son and a friend had witnessed it. They were chatting and hadn't seen anything.

Mary Phillips was our insurance person. She knew Scotty.

I thought Richard, Jr. was staying at the Economy 8 Inn off N. Pioneer.

My son said he was staying at the hotel near McDonald's (Johnson and Peters) that was recently torn down.

The CIA owns Dubai. They have a Bin Laden connection there. They might try to move the Nazi gold or the gold from Ft. Knox if they get control of the port in New York.

The people who have believed the gold was headed to Dubai may be being screwed. It may be headed to China.

They mentioned the Houston port last night though it's not one of the ports the Dubai government is trying to take. Coffee from South America arrives in Houston.

Sacred interest is in Japan.

They would own Volkswagon.

Nancy's left out because she has a spread ass.

Carla Binion connects Saudi Arabia to S. Korea.

Kathy would be important because she spent the most time around Paul.

Cindy Crawford was chosen to have a higher place in the satanic government than Sarah Jessica Parker because she has more appeal.

Carla appeals to "real" people.

Nancy was the one they could finally get Paul to fuck.

Paul was checking out Carla for a pussy fuck and listened to the pulse of her hairy asshole.

Harry was proud to hand over his son, Chris Csontos, so his enemies could torture the fuck out of him.

Herky found Donna blowing Mark one day and pulled down her pants to suck her ass.

Mary had the woman order "The Unbearable Lightness of Being" so Paul could look for it under the counter.

Mary's staff had a boyfriend in another life.

Mary assured her, since I was the youngest in the family, I was dominateable.

Mary's staff has been sucking Paul's dick since 1994.

They all thought Carla had some of my regard. That's why they picked Carla to run them.

Mary's staff knows she's one of all women I disdain.

Paul loved Mary's staff first.

When Tom was done depthroating him, he'd fuck her.
